

MORALES' REMOVAL SALE

—We have to move—it's a case of absolute necessity—a case of must—the opportunity of securing more commodious quarters joins hands with the compulsory nature of getting it—and it will be only a matter of a short time when the old location will know us no more. Now, that we want to move as little as possible is perfectly natural. In order to accomplish this, we want to make short work of our present stock. Prices have been cut to a ridiculously low figure, yes! sensational. The values are positively the greatest we have ever offered. Why not come and investigate?
